

# Scavenger Hunt

1. I am blue and gray. You might have to look up to see me. I live in an ocean habitat, and am as big as what you rode to get here today. What am I? (Hint: go to the *Ocean Hall*.) Draw and label me below. Then, write an interesting fact about me you learned from reading the informational text in the exhibit.

---

---

---

2. I am your ancestor – that means I'm related, but from long, long ago. I'm shorter, hairier, and archaeologists study me. What am I? (Hint: go to the *Hall of Human Origins*.) Draw and label me below. Then, write an interesting fact about me you learned from reading the informational text in the exhibit.

# Scavenger Hunt

3. I am an herbivore, which means I only eat plants. I'm the opposite of short... including my tongue! You can find me only on the continent of Africa. What am I? (Hint: go to the *Mammals* exhibit.) Draw and label me below. Draw and label me below. Then, write an interesting fact about me you learned from reading the informational text in the exhibit.

---

---

---

4. I am small, and hibernate, which means I sleep all winter. I can survive in arctic climates. You might need to go in something to find me... What am I? (Hint: go to the *Mammals* exhibit.) Draw and label me below.

# Scavenger Hunt

5. Without me, you wouldn't be able to move. I give your body shape and help you walk, talk, and everything else. Most creatures have me. This whole exhibit is about me! What am I? (Hint: the name of the exhibit is the answer!) Draw and label me below.

---

---

---

6. I'm creepy, I'm crawly, and you might need to call an exterminator to get rid of me. Some people have a fear of me, even! I have eight legs and am sometimes called an arachnid. What am I? (Hint: go to the *Insect Zoo*.) Draw and label me below.
