

4th GRADE MATH Week Of: June 8th

Directions: Pick one activity from the heart, circle and square. Hexagon is bonus!

IXL Skills: 4th Grade Letter Q
Add and Subtract fractions
with Like Denominators 1
through 14

Remember: To find common denominators you must find the Lowest Common Multiple (LCM) Listen and look at the How to Example

Practice the following:

$$\frac{2}{10} + \frac{3}{5} =$$

$$\frac{5}{12} - \frac{1}{4} =$$

[Number Rock Song](#)

4.5b - Students will add and subtract fractions and mixed numbers having like and unlike denominators

www.nearpod.com code: EDHUQ

The teacher assigned a project to the class. Evan $\frac{1}{5}$ finished of his project before lunch. Amy finished $\frac{1}{2}$ of her project. How much more did Amy finish?

$$\frac{6}{9} + \frac{2}{3} =$$

$$3\frac{2}{4} + 2\frac{3}{4} =$$

$$\frac{9}{12} - \frac{1}{3} =$$

IXL Skills: 4th Grade Letter R Add and Subtract fractions with Unlike Denominators 1 through 17

What is the difference of the fractions represented by these models?

$\frac{11}{12}$

$\frac{1}{6}$

EXTENSION

Create a PowerPoint, or use Flipgrid to create a How To lesson to teach other students how to add or subtract fractions with unlike denominators.
